#### **MASTERS-LEVEL STUDY: MA SOCIOLOGY OF CHILDHOOD AND CHILDREN'S RIGHTS**

*“The MA has broadened my overall understanding and enabled me to critically reflect upon and strengthen my professional practice working with children and young people for Children's Services.”*

— Dean Goddard

**This MA gives you the opportunity to:**

- Earn a post-graduate qualification from a world-leading institution committed to high quality and innovative research
- Investigate a range of cutting-edge social theories about childhood and society
- Gain an understanding of varied childhoods from a global perspective
- Examine children's rights approaches in various sectors (e.g. health, education, social care, development)
- Develop insights and practical skills for conducting research with children and about childhood
- Learn from internationally renowned experts including research-active academics, professionals, and third sector organisations.

*“The tutors' comprehensive understanding of childhood was reflected in their dynamic delivery styles and enthusiasm throughout the course. It never failed to draw students into compelling and thought-provoking discussions.”*

— W' Ayendjina Antchandie

**Flexible study options are available to help you balance study with your other commitments.**

*“The course is exceptionally well planned and taught by excellent lecturers both from within the university and externally.”*
